Order of Malta Circus Comes to TCC

A great number of Members, friends and family arrived at the Terence Cardinal Cooke Healthcare Center (TCC) on Saturday morning, April 21st, to welcome the children of TCC to the annual Malta Circus! Led by Ring Mistress Maggie Ludwiczak, DM, the children participated in the Grand March of the Circus. Our guests, for whom music has a great stimulating impact, enjoyed the music of Squeaky Clean and the presence of the circus animals (balloons, of course), a clown and a juggler. With the help of our Members and volunteers, the children also were able to participate in games such as Musical Chairs and Pass the Bouncing Ball.

It is always a great pleasure to see these severely disabled children react even modestly to the sound of music and singing. It is also reassuring that Archcare and TCC are able to welcome an ever growing number of these children as residents of the facility.
